Vietnam

Tricky

And I'm that toy
I make bombs and you know
Anyone, Vietnam
I'm black boy and you hear my song

And I'm that toy and we carry on
And I'm that toy and we carry on

Keep it down a minute
I say I never sin now
It only takes a minute
Listen to me sing now

I make bombs and you know
Anyone, Vietnam
I'm black boy and you hear my song

And I'm that toy and we carry on
And I'm that toy and we carry on

Keep it down a minute
I say I never sin now
It only takes a minute
Listen to me sing now

I make bombs and you know
Anyone, Vietnam
I'm black boy and you hear my song
