

## Way Up In

Tricky

Way down in Memphis  
We try through Texas  
Way down in Nashville  
One sleep can't say still  
Way up in

It didn't take too many steps for it all to collapse, did I  
It didn't take too many steps for it all to collapse  
It didn't take too many steps for it all to collapse, did I  
It didn't take too many steps for it

We try through Texas  
We try through Texas  
Way down in Nashville  
One sleep can't say still  
Way up in

It didn't take too many steps for it all to collapse, did I  
It didn't take too many steps for it all to collapse  
It didn't take too many steps for it all to collapse, did I  
It didn't take too many steps for it
