

## We Begin

Tricky

There's no way I can help, you're lost  
Just another river we have to cross  
You begin  
No need to say, we know you're lost  
Another day what a line, I'm a cross  
You begin

All the pain how much it cost  
Though there's rain and there's always loss  
You begin  
Be with me  
Your breath slow down  
Stay with me  
I'll keep you calm  
Flying high  
I can't slow down  
Stay with me  
It's where you're from

There's no way I can help your loss  
Just another river we have to cross
