

On My Knees

Triggerfinger

It's coming closer
the moment is here
For me to give up
what I hold so dear

It's time to pay
time to deliver
My knees are shaking
I'm trembling with fear

Too late to hide
I can't run away
Impossible to fight it
I can only pray

To give me more time
I'm stuck in the new
That I'm selling my soul
to the devil for you

It brings my lungs
it brings my spleen
it brings my liver

It brings my heart
brings my head
makes me shiver

It's time to pay
time to deliver
My knees are shaking
I'm trembling with fear

I'm on my...
Down on my knees.
I'm on my...
Down on my knees.
Down on my knees.
Down on my knees.
