

Falling Out Of Love

Trijntje Oosterhuis

It's in the way you say my name

Though I hear your voice

It's not the same

And in your eyes

I can't help but see a much different light

Than there used to be

You say hello and I want to die

'Cause deep down I know that it means goodbye

I can't let go, I just keep hanging on

Though you're standing there, you're as good as gone

Though you're standing there, you're as good as gone

Are you falling out of love

Baby, have you had a change of heart

Are you falling out of love

Tell me is there someone new

That you're dreaming of

Are you falling out of love

Your funny smile was all it took

And you said it all with just a look

Now I sit here, and you sit there

We just talk and talk, but we get nowhere

All we do is talk, and get nowhere

Are you falling out of love

Baby, have you had a change of heart

Are you falling out of love

Tell me is there someone new

That you're dreaming of

Are you falling out of love (Repeat)
