

I did a lot of searching 'till I
Ran into your smile
Don't know what kept me going
But the waiting was worthwhile
You've got me spinning from head to toe
Every minute of the day
And all I want is to let you know
You're the love of my life
Just hear me say

That it's joy
Joy inside my heart
I knew it from the start
Soul to soul forever
Joy, joy inside my life
I know we will survive
Shining light forever, together

You're the melody I'm humming
I think we're born to stay in tune
The rhythm in my heart and it beats for only you
I keep on falling in love with you
Each and every single day
And now I know that you're loving me too
All I do is pray that you're here to stay

To give me joy
Joy inside my heart
I knew it from the start
Soul to soul forever
Joy, joy inside my life
I know we will survive
Shining light forever, together
