

For You

Trina

Put it in your face
I'ma shake a lil' something for you
Baby make it rain
I'ma shake a lil' something for you
Hands around my waist
'Round my waist, 'round my waist, 'round my waist, 'round my waist, oh yeah
Baby make it rain
While I shake a lil' something for you

Flashlight in the daytime
I ain't insecure, just I want a bitch to have mine
Partial part time piece, became his dime piece
Fuck game cold, now I'm hooked on that nine leash
And that mouth piece make me run, peace
Ain't been ate in days, I keep staring at his white teeth
And his white tee, all up on me
Let me see if you could ride in it, then walk a mile in it
Tell the world how you smile in it
He don't hesitate, he just dive right in it
Ooh, kill it, I don't get a break for a minute
Shit, I be lookin' like stay another minute
Ooh, he spend it on me
He throw it on me
And when he get the pussy he be all up on me
He spend it on me
He throw it on me
And when he get the pussy he be all up on me

Put it in your face
I'ma shake a lil' something for you
Baby make it rain
I'ma shake a lil' something for you
Your hands around my waist
'Round my waist, 'round my waist, 'round my waist, 'round my waist, oh yeah
Baby make it rain
While I shake a lil' something for you

Give it to you good all night
I'ma let you roll all the dice
Do the shit we wanna do outside
Underneath the honeymoon, no lights
Give it to me, ooh baby
'Til the sun come along the next day baby
I'ma stay right here and put it in your

Put it in your face
I'ma shake a lil' something for you
Baby make it rain
I'ma shake a lil' something for you
Put your hands around my waist
'Round my waist, 'round my waist, 'round my waist, 'round my waist, oh yeah
Baby make it rain
While I shake a lil' something for you

Yeah
Baby lemme shake a lil' somethin' for you
Ah yeah

Baby lemme shake a lil' somethin' for you
