

## War Cry

Trina

Days and nights feel long and cold  
Don't know how this story will go  
Broken from my struggles  
It's making me feel alone in the dark  
My life has been turned upside down  
And I'm question your work  
Where do I go  
From this new start?

But there's a fire in my heart  
Telling me I've got it  
Something deep within  
Is telling me to be strong  
And it's pushing me, and it's pulling me  
And it's pushing me, and it's pulling me

But there's a war cry in my spirit  
Got to break free from  
The hands the enemy  
There is a war cry in my spirit  
Got to break free from  
The hands the enemy

At times I feel worthless  
Struggling with my purpose  
Whilst tryna build something new  
The pain and frustration  
It took away my patience  
I relied on me more than you

But there's a fire in my heart  
It's telling me I've got it  
It's something deep within  
It's telling me to be strong  
And it's pushing me, and it's pulling me  
And it's pushing me, and it's pulling me

There is a war cry in my spirit  
Got to break free from  
The hands the enemy  
There is a war cry in my spirit  
Got to break free from  
The hands the enemy

I saw the light through the darkness  
My life was shaking  
And the chains was broken from me  
So I'm standing on your worth  
Believing by faith  
When others doubted you  
Lord, you came and saved the day

There's no doubt in my mind  
That your word is true  
That's why I'm giving my all  
Over to you

There is a war cry in my spirit  
Got to break free from  
The hands the enemy  
There is a war cry in my spirit  
Got to break free from  
The hands the enemy

The body is all for me  
I'm living to be free  
No more depression  
I am who you said I am  
I am who you said I am  
I am who you said I am
