

# Water

Trina

Oh, I love this water-water  
Oh, I love this water-water

Ain't scared to drown in you  
Deep down in you, I love this water (Water)  
Ooh, I love this water-water  
I'll dive for miles in you  
I'll do what I'm supposed to in this water  
Ooh, I love this water-water

Life jacket, you gon' need a life jacket  
See that man standin' up? Tonight I might jack it (Yeah)  
When we leave the club tonight I might back it  
Workin' with that pussy you might need a life jacket, uh  
Clit-lickin' 'fore you get to dick-stickin' (Uh)  
Crip in it while you playin' "Big Pimpin'" (Uh)  
Shit different, I can't finish this sentence  
When you put the tip in it, ooh, you have my shit drippin', uh  
Plus I ride face like a cowgirl (Cowgirl)  
Soakin' wet, we gon' need to get a towel girl  
Hope your neighbors know you dealin' with a loud girl  
Fuck this sixteen it's my world

Ain't scared to drown in you  
Deep down in you, I love this water (Water)  
Ooh, I love this water-water  
I'll dive for miles in you  
I'll do what I'm supposed to in this water  
Ooh, I love this water-water

Now let me put you on some new shit  
You gon' be the water, baby, I'ma be the cruise ship  
I know my neighbor gon' trip, know my neighbor gon' trip  
Told her, "You don't like the noise? You should move, bitch"  
And I'm cool with PDA, E-A-T you freaky ways  
Do it with the lights on, even let the TV play  
Used to let the CD play, now a nigga digital  
iPhone 7 already full of visuals  
Candlelight vigil you  
I just killed the pussy, may she rest in peace  
Tongue and thumb in every hole, what's the recipe?  
Respond back fast when she message me  
'Bout to put my name on it, now she wreckin' me

Ain't scared to drown in you  
Deep down in you, I love this water (Water)  
Ooh, I love this water-water  
I'll dive for miles in you  
I'll do what I'm supposed to in this water  
Ooh, I love this water-water  
Ain't scared to drown in you  
Deep down in you, I love this water (Water)  
Ooh, I love this water-water  
I'll dive for miles in you  
I'll do what I'm supposed to in this water  
Ooh, I love this water-water
