

Dadadoot

Trinidad Cardona

Six in the morning
I hear your voice when you're not here
And now the sun don't rise no more
And every night feels like before
But when you call, I won't answer, hmmm
Because we're bad for each other, nah
And I can't waste my time no more
I ain't gon' waste my time with you, can't provide with you

I cry when you look at me dawg
If I die now, would you cry for me dawg?
I keep tongue tied when I try to just talk
So I'm tellin' you now, no, no

Dadadoot, dadadoot (You got me feeling like)
Dadadoot, dadadoot (You got me feeling like)
Dadadoot, dadadoot (You got me feeling like)
Dadadoot, dadadoot

Fell in love with me but now I'm gone
Bitch try to fuck me while I'm rolled
And you fly with this shit, I said put on
Putting memories up in this song
And you ride for the people that I know
And you bad to the people that I don't know
And things they get deeper when you're on
Kids days are gone, that shit is over

'Cause I cry when you look at me dawg
If I die now, would you cry for me dawg?
I keep tongue tied when I try to just talk
So I'm tellin' you now, no, no

Dadadoot, dadadoot
Dadadoot, dadadoot
Dadadoot, dadadoot
Dadadoot, dadadoot (You got me feeling like)
Dadadoot, dadadoot (You got me feeling like)
Dadadoot, dadadoot
Dadadoot, dadadoot
Dadadoot, dadadoot
