

Is This Love

Trinidad Cardona

Now I'm moving fast enough
I need to see you again, oh
I'm begging, please
Don't let me leave you again, oh-oh

I don't know how you sweet so honey
What do you want girl, is it money?
Almost too hard to believe
You're loving me
I don't know where you think you're going
Girl you know you need my love
'Cause every day that you're gone
Is a day when I wake up alone

Girl is it love?
Girl is it love?
I can't get enough
I can't get enough

Baby call on me
But don't get confused, yeah
You know why I want
So baby let's go, yeah

I don't know how you sweet so honey
What do you want girl, is it money?
Almost too hard to believe
You're loving me
I don't know where you think you're going
Girl you know you need my love
'Cause every day that you're gone
Is a day when I wake up alone

Girl is it love?
Girl is it love?
I can't get enough
I can't get enough

(Girl is it love?
Girl is it love?
I can't get enough
I can't get enough)
