

# Nasty

Trinidad Cardona

Ay Hoop, don't let up

She says she lit, she fly, say she nasty  
And she get what she want since she has me  
And when we fuck she a pro, she's an athlete  
And she get what she want since she has me

She says she wet  
Talk about you fuck that  
I go out of my way  
You can tell by the look on her face  
Things that she say  
The way that she say  
Yeah, we started sounding the same

Start of the day, already faded  
Girl on the phone, she says she tired of waiting  
Told her I'm coming, coming right now  
Baby, just wait for me, baby, patiently

She says she lit, she fly, say she nasty  
And she get what she want since she has me  
And when we fuck she a pro, she's an athlete  
And she get what she want since she has me

Hey, first time she real and she liked it  
Asked me to go down, I ain't mind it  
Told me to go slow  
Can't stretch no more
