

Por Favor

Say, baby
Say, baby

I don't know what to say but your body speaks to me, yeah
It tells me that you wanna let loose and just be free
So feel the rhythm inside and dance on over to me, yeah
Whisper into my ear, give me some of that language

Zaga zow, ziggy zow
Put your hands on your head
Turn around, touch the ground
Tell me the truth girl, confess
I promise your body is criminal
I see you losing your brim now
Simmer down, simmer down
You should be under arrest

You and me, on the dance floor, por favor
Baby please, let me explore you some more

Take control of them hips, we ain't got no time to waste
Like there ain't no tomorrow, leave it all on upon the stage
So feel the rhythm inside and dance on over to me, yeah
Whisper into my ear, give me some of that language

Zaga zow, ziggy zow
Put your hands on your head
Turn around, touch the ground
Tell me the truth girl, confess
I promise your body is criminal
I see you losing your brim now
Simmer down, simmer down
You should be under arrest

You and me, on the dance floor, por favor
Baby please, let me explore you some more
Baby please, let me explore you some more
You got me, got me locked up on the floor
That body, let me explore, por favor

Zaga zow, ziggy zow
Put your hands on your head
Turn around, touch the ground
Tell me the truth girl, confess
I promise your body is criminal
I see you losing your brim now
Simmer down, simmer down
You should be under arrest

Zaga zow, ziggy zow
Put your hands on your head
Turn around, touch the ground
Tell me the truth girl, confess
I promise your body is criminal
I see you losing your brim now
Simmer down, simmer down
You should be under arrest
