

# Trust

Trinidad Cardona

I know how it is I been hurt before  
I ain't fucking with no boy that's gonna hurt me more  
Running game like you run track  
Get back I ain't fucking with it, know that two sack  
'Cause I'm not with the bullshit I'm not with the gimmicks  
I won't open up to you 'cause you don't get it  
There's no lovey dovey no catchin' no feelings  
'Cause soon as I tell you I love you, you leaving

This time I promise I ain't leaving  
If I ever said I love you then I mean it  
I been switching up my whole demeanour  
I been acting see through like aquafina  
I don't ever wanna act like I don't need ya  
'Cause the truth is you're enough  
And I only wanna trust in love

But I know how it feels, I don't need it  
You gon' hurt me so you can get even  
While I'm looking stupid 'cause I didn't call feelings  
Stressing and crying my head to the ceilin'  
And you gon' be somewhere fucking with them bitches  
Cheating and lyin' with no valid reason  
I know how you movin', I already seen it  
I know what you doing, you know I ain't with it

Girl trust in love, I know you need it  
Can't get enough, I see you leavin'  
Just trust in love, I know you need it  
Can't get enough, just trust in love, oh no  
Concede it, you seen it  
I'm changing, believe it  
Oh I need this, oh don't leave it  
Oh your mom knows, oh I'm the realest

Lyin' to my face, you ain't even committed  
Sayin' that you changed your ways but I know that you didn't  
But anything that I told you has never been a lie  
'Cause a nigga want a wife you would make it all mine  
But I ain't finna get caught up with no guy  
'Cause you'll say what it takes to get me for one night  
So lemme call a truce then, I'm boosted  
If you really want to call off, then duces  
'Cause I ain't finna stay in a place I ain't wanted

I told you the truth and you said I'm dishonest  
I say you're dishonest 'cause I know your wrongs  
And I know that you'll leave me soon as I start fallin'  
But girl if you fallin' you know that I'm on it  
I'm there every night and I call every mornin'  
I believe when I see it until then I won't  
'Cause I know that you'll fold on me without no warning

Girl trust in love, I know you need it  
Can't get enough, I see you leavin'  
Just trust in love, I know you need it  
Can't get enough, just trust in love, oh no

Girl trust in love, I know you need it  
Can't get enough, I see you leavin'  
Just trust in love, I know you need it  
Can't get enough, just trust in love, oh no
