Trinidad Cardona

When I come around, don't be scared make that (That shit go)
UP down up down (that shit go)
Up down up down up down up down up down
Up down up down up down up down up down up down

I can't turn you down
Turn the music loud tell me are you tell me are you down?
Head up by the clouds nowhere to be found
Tell me are you tell me tell me are you down?
No puedo quedar pero llegué eh eh se prueba como sandía quiero

1 millón la gaste otra ve - eh ez
A mi me gusta la traviesa
Gimmie head head head

When I come around, don't be scared make that (That shit go)
UP down up down (that shit go)
Up down up down up down up down up down
Up down up down up down up down up down up down
