

Something New

Trip Lee

Hold up, hold up
Let me get another one
Yessir, oh yeah
I like this, G
Here we go, hey

Boy you know I got them J's, rock them on my feet
Caught up in the craze, my closet ain't complete
You know I got them 5's and I just got them 12's
But you know them 1's I really wanted is on sale
So a couple more clicks on the site, till I'm feeling just right
Bruh I gotta keep my sneaker game tight
If everybody got them homie that ain't what I like
Now everybody wanna be like me instead of Mike
My addiction isn't women or the booze
Sneakerheads anonymous, I'm itching for some shoes
Put it on my card, I ain't got nothing to lose
Sometimes I wonder what it is I wanna to prove
Cause I wan't something new
What I got it won't do
I think I got some kinda flu
Cause I'm addicted to that new
It got me like

Yeah it got me like
Hold up, hold up
Let me get another one [x4]
