

Stone

Trip Lee

'Cause when he comes
He's coming in power
When He comes
He's coming in glory

Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
Tell 'em put that in stone
Tell 'em put that in stone
Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
Tell 'em put that in stone

Never seen my anchor fade
Laughin' daily, danger's face
Eyes on that last date
Long for that but can't just wait
Call His Name, I say my grace
Said He'd (Save my) save my place
Treasures in me 'cause I'm clay
Can't crack my code, I'm safe
Focus my aim (My aim), then grow through the pain, huh
This road ain't in vain
Sowing, he stoking the flames, heh
Got hope that no one can restrain, yeah
Still might get blood on my shirt, it's a real fight
Ain't built for this world, it don't feel right, huh
Fear Him and do what I feel like

Ayy, yuh, you can bring more things, won't fear the danger
Ayy, yuh, these Holy Ghost things, firm and we can't budge
Okay, I'm on a road, they said it's the wrong way
Okay, you give me no space (Uh-huh)

Don't pay that any mind
'Cause I can't guarantee that
But when God tells you something, amen
Old folks say you can put your weight on it
Because what He says He can back up

Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
Tell 'em put that in stone
Tell 'em put that in stone
Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
Tell 'em put that in stone

Can't live for profit, they pay us
Tryna live like the prophet Isaiah
My hope's in later
But I grind right now, it's layers
I'm fightin' my independence
Them commas can't end my sentence
We broke out our penitentiaries

What I'm about has been His business, business
You see what I'm on, huh, I been in my zone, huh
The ceiling is gone
Homesick is the feeling, it's on, huh
Tell 'em to drill in it stone, ayy
Still, told 'em it's not no drill
But they feel like I'm not for real
Feelin' glad He got that wheel

Ayy, yuh, you can bring more things, won't fear the danger
Ayy, yuh, these Holy Ghost things, firm and we can't budge
Okay, I'm on a road, they said it's the wrong way
Okay, you give me no space (Uh-huh)

God guarantees every believer a prosperous supply
Are you gon' help me today?
Also we have obtained an inheritance

Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
Tell 'em put that in stone
Tell 'em put that in stone
Can't kick my feet up 'cause I ain't home
You can tell 'em put that in stone
