

Celebrate (It's Time To Celebrate)

Triple Image

It's time to celebrate
It's time to celebrate tonight

Well it all really started
A couple of years ago
My mom said it's time to start the show
And so we started
Makin' some noise
And we started a band to
Impress the boys
We called it Triple Image
And that's the name
Of three girls who wanna
Be in the hall of fame
We're getting large it must be fate
It's time for Triple Image gonna celebrate

It's time to celebrate
Celebrate
It's time to celebrate
Tonight
Come on and celebrate,
Celebrate
It's time to celebrate
Tonight
(Hey lets' take control)

We all gotta reason to
Party tonight
And dance around 'til the
Morning light
It won't be long til you
Know our name
Cause we're already
Ahead of the game
So we're keeping it real
With our dreams insight
With a little help
From my man Johnny Wright
He set up a showcase
We couldn't wait
W.E.G. let's celebrate

It's time to celebrate, celebrate
It's time to celebrate tonight
Come on and celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)

Celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)

Celebrate, celebrate
It's time to celebrate tonight
(Hey get ready to roll)

Well the party's going on
Everybody's here
Even NSYNC, Puffy, and Britney Spears
Hangin' with the big boys, havin' some fun
We'll be rockin' the house til after one
If you know how to party and are ready to roll
Just be yourself and you'll gain control
So it's already seven you can't be late
Come with Triple Image and we'll celebrate

It's time to celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)
Come on and celebrate, celebrate
It's time to celebrate tonight
(Hey get ready to roll)
Celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)
Celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)

Oh, yeah, oh yeah, oh yeah

Celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)
Celebrate, celebrate
It's time to celebrate tonight
(Hey let's take control)
