

Cool it now, oooh watch out
Cool it now, slow it down

Everybody's saying silly things
Without knowing that life brings a change
And they've been checking all the signs
(checking all the signs)
My friends say im love sick cuz I...

Ooh, all i keep thinking about is him in my arms
(got to see what love is about)
And i won't be the same until he is mine
And my friends keep telling me to...

Cool it now (you've got to cool it now)
Ooh watch out ur gonna lose control
Cool it now, you've got to slow it down
Slow it down, ur gonna fall in love

Everyday he walked me home from school
And he tells me how he really feels
And there's no doubt in my mind
That this boy is one of a kind
Ooh and all i keep thinking about is him in my arms
(got to see what love is about)
And i won't be the same until he is mine
And my friends keep telling me to...

Ooh, all i keep thinking about is him in my arms
(got to see what love is about)
And i'll never be the same until he is mine
And my friends keep telling me...

When you got a guy who takes his time
You must slow the pace, can't mess with his mind
When he feels the same he'll let ya know
Just prepare yourself and be ready to go
And i hope this message stays in ur mind
Cuz u lost a guy who was right on time
Ther's one more thing that you got to knwo
Just cool it now and stay in control

Cool it now, oooh watch out
(come on come on) yeah
Cool it now, slow it down
Here we go, yeah yeah yeah
Cool it now
(you've got to cool it now)
Ooh watch out, ur gonna lose control
Cool it now you've got to slow it down, slow it down
You're gonna fall in love
