

## Make Me Feel It Too.

Triple One

I can see it in your eyes yeah  
I can feel it in the rain  
I can see it in the water  
I don't want to be a sentiment to you  
Bite my cheek and make me feel it too

I don't want to be a sentiment to you  
It's always, it's all weather  
Bite my cheek and make me feel it too  
It's all day, it's all better

Pickin' up all my pieces I'm a full-fledged archetype  
They copying what I do, can't copy the way I feel  
Breaking up all my deals, capturing everything I write  
Lonely I kiss the steal, got lonely up on this hill  
Try ring round my rosie and they all fall back again  
Body under attack not liking the way I act again  
Everything's a facade, everything but this car  
I'll drive it on through this wall make sure we don't go back

Hey'oh won't you ever read my name  
I've been calling no one came  
Breathe my everlasting pain  
Hesitate don't talk again  
The fornication of function

You pay your bitch for pump'n  
She take and dump it  
For I have burnt my soul  
See me coming with nothing  
Like I was slave to assumption  
Sleep on my grave with a dagger  
I R.I.P that Totem pole  
Love my mother don't swear a word on her halo  
Truth to brother i bleed inside if he so  
Kiss my sister and hold her up on a lighter please  
I'm like my father, father and son a dying breed  
It's always, it's all weather  
It's all day, it's all better

I don't want to be a sentiment to you  
It's always, it's all weather  
Bite my cheek and make me feel it too  
Its all day, it's all better
