

# PETER RABBIT

Triple One

Nothing's wrong  
Nothing's wrong

Back of the Shell, fill it up with E10  
Got the pedal to the floor, and the whip's got the drip, yeah  
Cellular waves, you free in the AM?  
Looking for some love or something quick, cause I'm a  
Bad bitch, bad bitch, bad bitch  
Just can't be plastic  
Average, average, average  
Yo she gets no love  
Stretch me I'm elastic, fourth gear fantastic  
Here's like Escobar, plug me in and charge me up  
I don't see, I don't do, I don't hear, I don't  
Ravage, ravage, ravage  
Peter Rabbit  
I like sex, I like sex, I'mma hit up all your friends  
What's her digits, who's her ex  
DTF cause she a fling

Nothing's wrong (Nothing's wrong)  
Nothing's wrong (Nothing's wrong)

Tally Ho's burned down to the filter, talk my shit  
When I walk in slick, watch em all flock like chicks  
What ends you from?  
Sydney brah  
But we don't talk like that  
It's all eets, yeah I walk like that  
Aussie born, that bad behaviour  
And I wanna taste that flavour  
And I do E more [?]  
Pray that I might take off  
She said I got no soul  
Has she seen me before?  
I'm trynna run from everything, at the same time, nothing's wrong

Nothing's wrong (Nothing's wrong)  
Nothing's wrong (Nothing's wrong)

Ding dong, doorbell  
No I don't sing song, talk well  
Said she want cream up all on that tail  
And I done did that, got mail  
Keep up, don't stop  
Bounce around, on top  
Lost and found like we search and rescue  
Flip you round just to bless you  
(Got that) Whole tab on a Visa  
Throw cake, Mona Lisa  
Go chow mein on her keister  
It's going down now  
Cause there ain't nothing wrong here for real my brudda  
Please stay calm now, you still don't get it  
You said she said to bring that piece  
Cock it back now, cause nothing's wrong

Nothing's wrong (Nothing's wrong)  
Nothing's wrong (Nothing's wrong)
