Losing my breath, I jump into the unknown world
I tie my untied shoelaces (Firmly keeping the beat)
Turn the trembling heartbeat into a rhythm
One, two, three, let's dance
Never change the direction you look
One, two, three, deep breath

All the time, I used to be alone, but now
No matter what formless anxiety strikes me, I step out

I didn't know what I meant
(I've been searching all night long)
My empty heart was floating
(Back to back, scary feelings)
It's because you needed me
One, two, three, I'll go
Gently hold the ephemeral and fragile fame
One, two, three, don't leave

Every time I go forward, I feel like I'm losing something
With the courage to admit it, embrace everything about myself
