# 2014 Freestyle

**Trippie Redd**

Feral, baby
Let's get it, who?

We don't mess with these lames
We'll be flying like Haitian
All my boys hungry
We just dyin' to taste it
We don't play no game
Don't accept new faces
You got a problem with that?
Your lifeline [?] shoelaces, uncovering basics, we got
Masking our faces
Cash money waste

Face it, your whole rap style so basic

Dark knight when they see me, yeah they got me on the team
Looking for the problem and the problem it was me
Gotta run a hunnit goons it'll drop you to your sleep
Tell him you was talking he gone pop you like a spring
I could tell the money talk cause I'm always speaking
Got a couple niggas said I wasn't hot so now I'm steamin'
Came up, it's impossible to stop him off [?]
So I [?]
Y'all ain't got no meaning, you not [?]
No armies is freezing, no armies is trees
You fall back, I'm leaning, you niggas can't see me
Like this is the season
You get payed a lot, but I get paid more
Get you clothes in K-mart
I'm getting money 'fore the day start
O-B-E-Y get ready for the Trademark, Trademark
Ready for the Trademark
Get ready for the Trademark
I'm getting money 'fore the day start
O-B-E-Y get ready for the Trademark
Get em, I got em [?]
Smacked in in they back
Click clack c-confirm this pass for a sack
So you know for a fact I'm affiliated with apple so I gotta keep a mac
Rolls Royce, that Rolls Royce, your whole team make no noise
That 9 poke your stomach boy, no laughing either no jokes boy, uh
But it's cool, your girl don't wanna talk
She don't like to pick and choose, so you came here with your clique poppin' bottles in the VIP
But I ain't ever seen a VIP that was full of all dudes, hmm
But that's enough for you, I like a lightskin girl with a lot of tattoo's
And she gotta be thick with the big ol' hips, put some honey on her chest when I winnie-that-pooh
And yes I'm a dog nigga kinda like snoop, so yeah I'm a lion
So homie why you lyin'? I done did research
I done heard conversations about your crew, you ain't really that cool

Turn down for what? Nigga
Turn down for what?
Get em
