

Koi

Trippie Redd

Like rain and lightning
Keep on crying out
Like rage colliding
Keep on fighting on

Are you there?
Anybody? Oh
Are you scared?
Don't go running off
I don't care
Don't let it all go to your head
To your head, to your head

You're not alone
No, forever on your side
Yeah, not alone
Forever, girl, I'm gonna ride
Yeah, not alone
Don't let it get to your head
To your head, to your head

Are you there?
Anybody? Oh
Are you scared?
Don't go running off
I don't care
Don't let it all go to your head
To your head, to your head

Yeah
Are you there?
Are you there?
Are you there?

Like rain and lightning
Keep on crying out
Like rage colliding
Keep on fighting on
