

## Left 4 Dead

Trippie Redd

I'm down on my knees, yeah  
Prayin' that you're not gonna leave me  
I won't stop you from being free  
Just don't walk away

They say it's hard to fall in love, oh  
I can't just leave it how it was, oh  
This shit is tearin' me apart, oh  
I'm gettin' weaker every breath I take without you (Ooh)  
When shit hit the fan, you left me for dead  
I miss the tricks you used to do in my bed  
You switched so quick I couldn't even comprehend  
You showed me why I can't be fuckin' 'round with love, uh

I tried so hard to fake a smile  
It feels like clouds keep raining down  
Shit ain't the same second time around

I won't stop you from being free  
I won't stop you finally  
I was good to you, finally (Just don't walk away)  
Love did not last

They say it's hard to fall in love, oh  
I can't just leave it how it was, oh  
This shit is tearin' me apart, oh  
I'm gettin' weaker every breath I take without you (Ooh)  
When shit hit the fan, you left me for dead  
I miss the tricks you used to do in my bed  
You switched so quick I couldn't even comprehend  
You showed me why I can't be fuckin' 'round with love

Fuckin' 'round with love  
Just don't walk away  
(Fuckin' 'round with love)  
(Fuckin' 'round with love)  
(Just don't walk away)
