Yeah, let's get it, let's go
Let's get it, let's go
Let's get it, let's go, huh
Let's get it, let's go, bitch
Let's get it, let's go, bitch
Let's get it, let's go, bitch
Let's get it, let's go

I'm tired of all of the antics, these niggas panickin', I'm a dark guy
I'm just like a bandit, join the dark side
I'm feelin' like Anakin, boy I'ma banish him
Throw up some bands in your face (Yeah, shh)
Back in the lab, I record on a boat
Actually, this shit a yacht
Always keep one in the top, keep me a mop
I don't play 'round with the opps
Hmm, them niggas scary, well, I'm scary too
I got that chop' on me, right in the booth
If you got a lil' problem, we make it go poof
Like Chrisean, I rock
Play with the gang, lil' bitch, and you losin' your tooth
You be on the rental, I just laugh in the coupe
I'm with your bitch, I'm with your boo
I'm with your bitch, I'm with your boo
I'm with your bitch, I'm with your boo

I'm with your lover, I'm with your wife
I bet you love her, I just pipe
I just go pipe, I just go pipe
I'm just gon' fuck, hit her one night
Then I am out, out like a light

She ride like a bike, that's that shit I like
I'm out with Death, bitch, it's on sight
Keep me some scythes, keep me some knives
I like to fight but I keep me that pipe
I'm a demon in the night, I'll take out your eye
All them checks on the floor and then crush
I got the lean in a rush
I drop the four in a Crush
I drop the four in a Crush
I drop the four in a Crush (Skrirt)
I'm out with Death, bitch, it's on sight
Keep me some scythes, keep me some knives
I like to fight but I keep me that pipe
I'm a demon in the night, I'll take out your eye
