Trippie Redd

Why you acting mad for? Did everything you asked for
Blaming me is so unfair
Don't be a bitch, don't call me "Asshole", when you get mad
What type of shit is that? (Girl)
Killin' my vibe by changin' your mood
Killin' a lie by tellin' the truth
You don't know me and I don't know you (No, no, no, baby)
You ain't gotta be mean, ain't gotta be rude
Bitch, if I'm in the way, tell me to move

Baby, why you mad?
Forget everything and leave it in the past
Man, I swear I did everything, I tried to make to make it last (Yeah)
And you still hate me, can't you see?
How I've been holdin' up, pourin' up
Frozen up, so in love with you
And you still hate me, can't you see?
How I've been holdin' up, pourin' up
Frozen up, so in love, with you
I hate to say it, but it's over
I'ma sip the soda 'til my fucking cup runneth over

Why you acting mad for? Did everything you asked for
Blaming me is so unfair
Don't be a bitch, don't call me "Asshole", when you get mad
What type of shit is that? (Girl)
Killin' my vibe by changin' your mood
Killin' a lie by tellin' the truth

Bitch, if I'm in the way, tell me to move
