

Sad & Alone

Trippie Redd

You got my heart decaying, I can't explain it
Even when you're far away, far away
These girls are all the same, I can't explain it
You're a noose with your love, you always leave me hangin'
Now I'm sad and alone, I still can't forget about you, forget a
bout you, oh
You shoulda stayed the same (Same)
You kept on switchin' sides, you can stay a lame (Ew)
You fuckin' up the vibe, I can't play these games (Games)
And I'm so sick and tired of tryna' change your ways, change yo
ur ways

This ain't love, you're gone
Tired of writing wrongs
Keep on writing songs, tryna numb the pain
Cause I-, I love, yeah I love you
Yeah, I love holding you like there ain't nobody else (Nobody e
lse)
There ain't nobody else
Lately been by myself (Ah)
I want you all to myself

You got my heart decaying, I can't explain it
Even when you're far away, far away
These girls are all the same, I can't explain it
You're a noose with your love, you always leave me hangin'
Now I'm sad and alone, I still can't forget about you, forget a
bout you, oh
You shoulda stayed the same (Same)
You kept on switchin' sides, you can stay a lame (Ew)
You fuckin' up the vibe, I can't play these games (Games)
And I'm so sick and tired of tryna' change your ways, change yo
ur ways

She gon' play my heart
Just like these strings, she gon' strum me apart
Girl, I'll be there no matter who you are (Who you are)
I'm always thinkin' how you turnin' me on and turnin' me off on
days that you're gone

You got my heart decaying, I can't explain it
Even when you're far away, far away
These girls are all the same, I can't explain it
You're a noose with your love, you always leave me hangin'
(Now I'm sad and alone)
Noose with your love, with your love (Ohh-woah)
Noose with your love, you always leave me hangin' (Ohh-
woah, hangin')
