

Save Me, Please

Trippie Redd

I'm tired of the fighting
I'm tired of the crying
Please, please, come back in my arms
Oh

I'm tired of trying
I'm tired of dying
Please, please, save me from myself
Oh

All out of luck when you're missing me
All out of luck when you distance me
All out of luck reminiscing me
All out of love and tremendously

I'm here for you
I feel, I feel for you
I just know
My love is real for you
I just know
Oh

I'm tired of the fighting
I'm tired of the crying
Please, please, come back in my arms
Oh

I'm tired of trying
I'm tired of dying
Please, please, save me from myself
Oh
