

So Stressed

Trippie Redd

Yeah
Nah, nah

Wipe the tears from your eyes, I know you stressin' (Stressin')
Wipe the tears from your eyes, girl, you a blessin' (You a blessin')
Me and you got some identical gestures
Me and you gon' survive, our love a weapon (We gon' survive)
I swear me and you can do anything
Me and you and Hennessy
Me and you is the remedy of love

Yeah
Baby, tell me what it is and what it fuckin' ain't
I just bought a condo overseas to get the fuck away
Dolce Gabbana, dollars and weed, I'm smokin' Runtz today (Yeah)
The Fendi and Prada, got what you need, let's touch the sun today (Got what you need)
I know you so over this quarantine, let's go have fun today (Go have fun)
Me and you had plans, let's get 'em done today (Done)
Oh man, goddamn, don't throw your love away (Love)
'Cause I was taught to love a way
Flood my soul, I love the drank
Hurt to the bone, I love the pain
Used to the cold, I love the rain
Stick to the code despite the pain
See UFOs in the sky today
If you could see the shit in my mind, you would feel all type of ways
Type of shit take the shine away
Type of shit make you cry today

Wipe the tears from your eyes, I know you stressin' (Stressin')
Wipe the tears from your eyes, girl, you a blessin' (You a blessin')
Me and you got some identical gestures
Me and you gon' survive, our love a weapon (We gon' survive)
I swear me and you can do anything
Me and you and Hennessy
Me and you is the remedy of love

You heard? I ain't the type to stress you (Yeah)
Left bands and strap on your dresser (Yup)
Got your pussy all wet, good nectar (Huh)
Touched down in the six smokin' cigs (Six)
Breakfast in bed, get the bowl of the grits
Put glass on your neck like your head got big (Got big)
Come fly with the kid, yeah, my life is a trip
Come take a one-way, we don't do round trips (Hell nah)
Bad bitch, Fendi with the Jimmy Choos (Jimmy Choos)
We can go overseas, bring a friend or two
Let me get you charged up like Pikachu
We could hit Ibiza, eat pizza too
Wipe your eyes, keep 'em dry like an igloo
I ain't hatin' on your hustle, I don't need to lose
Have you been out the country? You could pick a few
Come and sit with a boss, do what bosses do
You ready, baby? Let's ride, let's slide in the coupe
I got a case of the Hennessy and '42
You ever smoked on a thought? Grabbed your thighs, this be the truth

I told shawty need that top, when we mob, she drop the roof

Wipe the tears from your eyes, I know you stressin' (Stressin')

Wipe the tears from your eyes, girl, you a blessin' (You a blessin')

Me and you got some identical gestures

Me and you gon' survive, our love a weapon (We gon' survive)

I swear me and you can do anything

Me and you and Hennessy

Me and you is the remedy of love
