

## Sweeter Scars

Trippie Redd

If not for pain  
I would know nothin' 'bout happiness  
Not for rain, rain, rain  
Grass would always be greener on other sides  
It hurts but I found the truth in your lies  
Every time you carvin' me deeper  
My scars gon' look sweeter  
If not for pain  
I would know nothin' 'bout happiness  
Not for rain, rain, rain  
Grass would always be greener on other sides  
It hurts but I found the truth in your lies  
Every time you carvin' me deeper  
My scars gon' look sweeter

Tell me just how long  
You thought it'd take me to find it out  
Tell me just how long  
You planned on abusing my trust  
Could've gave it to someone else  
Someone sent from above  
Instead you took it away from me  
Gave it to someone you loved  
And I wished that was me  
I don't feel that way today  
If I get up and leave  
Where do you plan to stay?  
Thought my place was beside  
Confide in me if you'd like to  
Put my faith in your honesty  
It was just to be lied to  
Best believe that I know  
All the things that I'm sure they don't  
Believe that I hope  
You don't feel flawed as you used to  
You're abusing my heart  
No one's deserves to be bruised  
So take it back to the start  
If it isn't me that you choose

If not for pain  
I would know nothin' 'bout happiness  
Not for rain, rain, rain  
Grass would always be greener on other sides  
It hurts but I found the truth in your lies  
Every time you carvin' me deeper  
My scars gon' look sweeter

Aye  
Let me get my pen, let it all out  
When I open my mouth and let it all out  
Ain't talkin' 'bout shorty, ain't talkin' 'bout none of that  
Baby, I'm talkin' 'bout Hip-Hop  
I'm focused on money like Ziploc  
For a minute, ain't nothin' wrong with it  
Everyday I go and get it  
I Used To Love H.E.R. like Common Sense 'til I did not

But I'm back in another way  
I ain't panderin', no, I ain't slanderin'  
I'm gettin' mine in another way  
I'm talkin' 'bout breakin' up with all the bullshit  
Yeah, now I'm havin' that fun again  
Gotta learn how to crawl 'fore you walk  
And I'm ready to run again  
Yeah, I'm out here with Trippie and Juice  
Hope you puttin' my lyrics to use  
I came from the underground  
So when I hit the mainstream  
They said, "Don't do that shit again!"  
But that don't mean I can't have a hit again  
Makin' beats like I'm DillaGet lit again  
I'm just doin' my thing from the heart  
Gettin' money by makin' this art  
Give a fuck how you feel  
RattPack been real from the start  
And we still on the chart  
And we still on the mark  
Only the best what I brought  
Give a fuck what you thought  
Rap shit like a bad bitch left me scarred  
But the game been hard  
Chasin' that paper gon' leave them all running in circles  
On God  
My love for music like a woman  
Music what I want and never the applause  
What?!

Yeah, oooh  
Go 'head and take me away  
From your lies, lies, lies  
Say she just running game  
Gotta take the sidelines  
'Cause this shit getting deeper  
And she might lose her life  
And be already dead  
Before the fuckin' show starts (Yeah!)  
Playin' with my heart  
You'll be a bunch of body parts  
Say my name as she came  
She was wet as Noah's Ark  
High-rise in New York  
Man, I feel like Tony Stark  
All this pain  
I still love with a artificial heart  
Lamb' truck, Rolls' truck  
Man, I cannot parallel park  
Neon lights on that bitch  
So you see me in the dark  
I would drive a hundred miles  
Just to see you in the dirt  
Love scars  
Broke my heart  
Left me really, really hurt

If not for pain (Pain!)  
I would know nothin' 'bout happiness  
Not for rain, rain, rain  
Grass would always be greener on other sides  
It hurts but I found the truth in your lies (Truth in your lies!)  
Every time you carvin' me deeper

My scars gon' look sweeter  
If not for pain (Pain!)  
I would know nothin' 'bout happiness  
Not for rain, rain, rain (Rain, rain, rain)  
Grass would always be greener on other sides  
It hurts but I found the truth in your lies (Truth in your lies!)  
Every time you carvin' me deeper  
My scars gon' look sweeter

My scars gon' look sweeter  
C-C-Carvin' me deeper  
My scars gon' look sweeter
