

# The Nether

Trippie Redd

If you happened to be found already  
You won't ever have be, be afraid  
If you happened to be found already  
'Cause I think about you now, I try  
Can't get you off my mind  
No matter matter how hard you try  
Can't get you off my mind

Yeah, I think you happened in my past life  
Exit turns was really scary to me last night  
I'm seein' ghosts and every day is like our last life  
Heaven or Hell, I'm on my last flight  
I do one-fifty to the dash right  
I'm blown' dope, it's too much smoke  
And I ain't got nowhere to ash right  
I spit my feelings to a glass mic  
That boy get too much cheese  
How you expectin' not to attract mice?  
Don't do good with social advice  
Don't wanna be the one to pick your brain  
Wanna be the one to pick and choose a different pinky ring like  
everyday  
Heaven-sent off Mary Jane, Richard Mille, keep it plain  
A different bitch, a different day  
Feel invincible, I can't feel a thing  
Invincible, I can't feel the pain  
Invincible, I can't feel it, feel it  
Feel invincible, I can't feel a thing  
Invincible, I can't feel the pain  
Invincible, I can't feel it, feel it
