

# Thy Motion

Trippie Redd

Yeah

Nowhere to run, nowhere to hide  
I put all my love in the sky  
Watch it fall down, watch it fall down  
Had to fill in some shoes I couldn't fit  
Shawty been hittin' my line, I can't miss it  
The way that I breathe down her spine before I lick her soul, s  
oul (Soul, soul)

Please, give me a sign  
Because for love, I'll fight  
Better with off my mind  
Baby, I'm right here, I won't hide  
Please, don't let me go  
When you die, you takin' my soul  
If not just let me know, oh-oh, oh-oh

Where you goin'?  
See you still in motion, I'm on my way to you  
Where you goin'?  
See you still in motion, I'm on my way

Nowhere to run, nowhere to hide  
I put all my love in the sky  
Watch it fall down, watch it fall down  
Had to fill in some shoes I couldn't fit  
Shawty been hittin' my line, I can't miss it  
The way that I breathe down her spine before I lick her soul, s  
oul (Soul, soul)

You could run a million miles and I'll still find you  
Still find you  
Where you goin'?  
See you still in motion, I'm on my way to you  
I'm on my way, babe (Where you goin'? See you still in motion,  
I'm on my way)  
I'm on my way, babe

Where you goin'?  
See you still in motion, I'm on my way to you  
Where you goin'?  
See you still in motion, I'm on my way

Nowhere to run, nowhere to hide  
I put all my love in the sky  
Watch it fall down, watch it fall down
