I get the money, yeah, add it up, add it up, add it up
I took an addy, yeah, I'm stayin' up
Purple V's on my stomach, I'm Slater
Tricks for kids, no, I'm not payin' her
She think it's a game, that's why I been playin' her
On my anime shit, they eatin' my fairy dust
Lovin' two blicks and I'm too rich, bitch
They say this shit is not fair enough
We're not the same, baby, don't go comparin' us
All of the opps clickin' and pairin' up
All of these hoes that had a friend share with us
I get rich a lil' bit and these bitches get curious
My squad, H2O, delirious
My bitch put me on like Ferb and Phineas
They hate that I'm black, wish my parents had syphilis
When I'm overseas, I fuck on an immigrant
