

# Blown Away

Tripping Daisy

I'm swimming all around in confusion  
It takes me for a ride  
Hearing the bells they're ringing  
I think I'll run and hide  
It's crazy what you seem to do  
Every now and then  
It's crazy what you seem to do  
When you're wasting the people  
And you don't even care

Well  
It might be you It might be me  
Dealing with mentality  
I'm Blown Away

Hearing the bells they're ringing  
When I try to sleep  
Fearing the evil minded  
That prey upon the weak

Well I think about the Boogie Man  
Every now and then

Well I think about the Boogie Man  
Whose coming through my door right now

It doesn't have to be that way  
We can be free if you want to  
It doesn't have to be that way  
We can be one if you want to

Every time I look around  
I think  
Is there someone staring down at me  
Everytime I look around  
I thank  
The God above for making me the man that I am

It feels like  
It's foolish everywhere  
It seems like  
It's crucial everywhere  
I never thought I could be stapled  
By the metal in the gun  
I never thought I could be stippled  
By the metal in the gun

It might be you  
It might be me  
It might be you  
I'm Blown Away  
I'm Blown Away

It might be you  
It might be you  
It might be you  
I'm Blown

Away
