

One Through Four

Tripping Daisy

Love makes it good to be free, well
I'll take it sure
But now if I had the time to, well
I'd make it longer
One makes it two to find the three to change mind 'four it's over
But now, if I had the chance
I'd do it again and make you want my hand
Surprise
You make me get away slow
So you pull me back
You make me get away, oh
And now you want me back
Love makes it good to be free, well
I'll take it sure
Now if I had the time to, well
I'd make it longer
One makes it two to find the three to change mind 'four it's over
But now, if I had the chance
I'd do it again and make you want my hand
Surprise
You make me get away slow
So you pull me back
You make me get away, oh
And now you want me back
Want me to get away, oh
Love makes it good to be free, well
I'll take it sure
Now if I had the time to, well
I'd make it longer
One makes it two to find the three to change mind 'four it's over
But now, if I had the chance
I'd do it again and make you want my hand
Love me too...Love me two...
Why you want to wait till I stop
