

## Fools Like Me

Trisha Yearwood

Call me crazy, call me anything you want  
I thought that we had something good  
Now I find it was only in my mind  
Guess I just misunderstood

It seems forever just came to an end  
I thought our time had just begun  
I will never really understand  
Why you would turn from love and run

Fools like me, we never learn  
Fools like you are never true

You go your way, baby I'll go mine  
I'll go crazy like the wind  
I will love you for a long, long time  
I'll never have your love again

Fools like me, we never learn  
Fools like you are never true
