

## Mountain Top

Tristram

Pack your bags, seek what you need  
Finish up we have to leave  
It's getting dark, the wolves around  
We gonna head to the mountain top  
She's very sick, she's very weak  
She's close to death, it's why we seek  
A remedy, so here we head  
To the alchemist, to the mountain top

To the mountain top...
