

Bloom

Tritonal

I never feel like this
I never feel like this
And I know you feel the same (Yeah, I know it)
Just go with the ride
Just go with the ride
'Cause I don't want this to change (Yeah, yeah)

No, I need you to slow down, slow down, slow down (Slow down, slow down)
No, you don't have to go now, go now, go now (No, no)

'Cause every time you go away
It's like I watch a rose start to fade
You keep on telling me that you can't stay
But can we stay in bloom just one more day?
Just one more day (Yeah, yeah)
Just one more day (Yeah, yeah)
Just one more day (Can we stay in bloom?)
Just one more day

Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah

I feel so alive here
It's paradise here
In our secret garden (Yeah, I know)
Yeah, everything dies but give me tonight
The colors are so vibrant (Yeah, yeah)

No, I need you to slow down, slow down, slow down (Slow down, slow down, yeah)
No, you don't have to go now, go now, go now (No, no)

'Cause every time you go away
It's like I watch a rose start to fade
You keep on telling me that you can't stay
But can we stay in bloom just one more day?
Just one more day (Yeah, yeah)
Just one more day (Yeah, yeah)
Just one more day (Can we stay in bloom, yeah, yeah?)
Just one more day

Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
Let's stay in bloom, na-na-na
Just one more day, oh yeah, yeah
