

# Born Yesterday

Tritonal

The easiest way to get into the meditative state  
Is to begin by listening  
If you simply close your eyes and allow yourself to hear all the sounds that  
are going on around you  
Just listen to the general hum and buzz of the world, as if you were listening  
to music  
Allow them to play with your eardrums, it's all just sound  
You don't have to try to understand anything, just listen to the sound  
Look at your own thoughts as just noises, and soon you will find that the so  
called outside world and the so called inside world come together  
They are a happening, and everything is simply a happening, and all you're doing  
is watching it

It's so easy to forget who you are  
Just take a shovel and go bury your heart

Why did I hold on to all of my hate?  
I couldn't heal, I was numb to the pain  
Don't need the old me cause that was a stranger

It's like I was born yesterday  
Now I'm seeing the world with new eyes  
So if the sun lost its flame  
I'd still be dancing around in the star light  
I woke up and I found out  
That anything can change  
When I'm not afraid  
To live like I was born yesterday

I wanna live like, live like...  
I wanna live like I was born yesterday

Live like, live like...  
To live like I was born yesterday

To live like I was born yesterday

I wanna live like, live like...  
I wanna live like I was born yesterday

I'm not a kid but I'm still scared of the dark  
In every dream I keep on crashing my car

The weight on my shoulders was all in my head  
I am the person I need to forgive  
That was a past life, it's time to forget it

It's like I was born yesterday  
Now I'm seeing the world with new eyes  
So if the sun lost its flame  
I'd still be dancing around in the star light  
I woke up and I found out  
That anything can change  
When I'm not afraid  
To live like I was born yesterday

(I wanna live like, live like...)

(I wanna live like I was born yesterday)  
(I wanna live like, live like...)  
(I wanna live...) To live like I was born yesterday

To live like I was born yesterday

To live like I was born yesterday

I wanna live like, live like...  
I wanna live like I was born yesterday
