

# Broken Down

Tritonal

Darling, you see now  
That it never was  
We are never what we see  
Set you up to  
Let you down, I'm afraid

Darling, do you see how  
Our lies become the truth  
We never said what we mean  
Built you up to  
Break you down, I'm afraid  
I'm afraid

Holy hell  
We've hit the bottom running  
To the ones we love  
To the ones we hurt

Holy hell  
We've hit the bottom feeding  
On the ones we love  
On the ones we hurt

Holy hell  
We've hit the bottom running  
To the ones we love

Darling, it feels good  
When they let you in  
Don't you play the fool  
They will only  
Let you down if you stay  
We can't all be broken down, I'm afraid  
I'm afraid

Holy hell  
We've hit the bottom running  
To the ones we love  
To the ones we hurt

Holy hell  
We've hit the bottom feeding  
On the ones we love  
On the ones we hurt

Holy hell  
We've hit the bottom running  
To the ones we love (to the ones we love)  
To the ones we hurt

Holy hell  
We've hit the bottom feeding  
On the ones we love  
On the ones we hurt

Holy hell  
We've hit the bottom running

To the ones we love (to the ones we love)  
To the ones we hurt

Holy hell  
We've hit the bottom feeding  
On the ones we love  
On the ones we hurt
