

Call Me

Tritonal

Call me crazy, call me cruel
Whatever works for you
Call me reckless, pull me up
But you can never hold your bluff
You can watch me from a distance
Cuz I don't see the difference
Let me talk, you gotta listen
You'll never take away the feelings

So call me (call me)
Anything you want (anything you want)
As long as you call me (call me)
And don't you ever stop (don't you ever stop)
You can, put up your guard
Or keep me afar
But if you didn't want me

Then you wouldn't call me, call me
Wouldn't ca-a-all me
Then you wouldn't call me, call me
You wouldn't ca-a-all me
Then you wouldn't call me, call me
Wouldn't ca-a-all me
Then you wouldn't call me, call me
You wouldn't ca-a-all me

No you wouldn't, no you wouldn't
Call me
No you wouldn't, no you wouldn't
Call me

Tell me something, tell me off
Tell me that I'm fucking up
Treat me mean, treat me unkind
As long as I am on your mind
You can watch me from a distance
Cuz I don't see the difference
Let me talk, you gotta listen
You'll never take away the feelings

So call me (call me)
Anything you want (anything you want)
As long as you call me (call me)
And don't you ever stop (don't you ever stop)
You can, put up your guard
Or keep me afar
But if you didn't want me

Then you wouldn't call me, call me
Wouldn't ca-a-all me
Then you wouldn't call me, call me
You wouldn't ca-a-all me
Then you wouldn't call me, call me
Wouldn't ca-a-all me
Then you wouldn't call me, call me
You wouldn't ca-a-all me

No you wouldn't, no you wouldn't
Call me
No you wouldn't, no you wouldn't
Call me
