Tritonal

They say if it hurts that it's only gonna break me (Break me)  
But I've seen the worst, I don't need you to save me (To save me)  
You can ask the scars, they will tell you they made me (They made me)  
But lately

Even when we're messed up, you give me the best love  
Underneath the pressure nothing's gonna break us  
We ain't scared of dying  
In the rough we're diamonds  
You should see us shining, yeah

Dancing in the fire, yeah  
Dancing in the fire, yeah, yeah  
We ain't scared of dying, nah  
In the rough we're diamonds, yeah  
In the fire, yeah  
Dancing in the fire, yeah, yeah  
We ain't scared of dying, nah  
In the rough we're diamonds, yeah  
In the rough we're diamonds, yeah  
In the rough we're diamonds, yeah

Now we're feeling 20 feet tall  
Everybody's hoping we fall (Fall)  
Scary, trust me, I've seen it all (I've seen it all)  
And you can ask the scars, they will tell you they made me  
But lately

Even when we're messed up, you give me the best love  
Underneath the pressure nothing's gonna break us  
We ain't scared of dying  
In the rough we're diamonds  
You should see us shining, yeah

Dancing in the fire, yeah  
Dancing in the fire, yeah, yeah  
We ain't scared of dying, nah (We ain't scared of dying)  
In the rough we're diamonds, yeah (In the rough we're diamonds)  
In the fire, yeah  
Dancing in the fire (Dancing in the fire)  
We ain't scared of dying, nah  
In the rough we're diamonds, yeah  
In the rough we're diamonds, yeah  
(We're diamonds, we're diamonds)  
In the rough we're diamonds, yeah
