

Good Thing

Tritonal

Don't know how it's supposed to be
But I can feel you turn me round
If love can go sideways
Look back at me and I won't let you down

I, I couldn't find what I was missing
In the open sea
I saw so many sharks out where I'm fishing
But maybe you're the one for me

The only good thing I see is you, you, you
Good thing it's only me and you, you, you
I know you're good for me, I think I'm good for you
So let's see what tonight brings, maybe it's a good thing so
Good thing, good thing
Maybe it's a good thing so
Good thing, good thing
Maybe it's a good thing so

Don't care if it's right or wrong
'Cause either way it's enough
If we know how to make mistakes
Then we belong inside this life of love

I, I couldn't find what I was missing
In the open sea
I saw so many sharks out where I'm fishing
But maybe you're the one for me

The only good thing I see is you, you, you
Good thing it's only me and you, you, you
I know you're good for me, I think I'm good for you
So let's see what tonight brings, maybe it's a good thing so
Good thing, good thing
Maybe it's a good thing so
Good thing, good thing
Maybe it's a good thing so

The only good thing I see is you, you, you
You, you, you
The only good thing, you, you, you
Is you, you, you, you

Only good thing I see is you
Good thing, good thing
Maybe it's a good thing so
Good thing, good thing
Maybe it's a good thing so
