

Medicine

Tritonal

I feel your hands on my body
I feel your touch on my skin
Is this foreign love that we're making innocent?
Let's make this last 'til the morning
Let's leave this world that we're in
Your love is strange and familiar medicine

Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love

Tell me we're safe in this fire
And I'll try to let down my guard
I want to let this love cut me to the heart, ooh
So climb the walls of this garden
Remove my animal skin
Your love is sweet and it's bitter medicine

Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love

I made this love

I lift you up, I take you in
I drink you down, fill me again
Your love's some kind of medicine
Healing me from the outside in

Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love

I wanna be innocent
I made this love
I wanna be innocent
I made this love
I wanna be innocent

I made this love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
Ooh-ooh-ooh
Your love
