

## Real

## Tritonal

You know I like talking, hmm  
You listen to me  
You hold me so tightly, hmm  
Would you let me be free  
I get goosebumps when you call me  
'Cause I think about when you touched me  
In that closet at that party  
Before we drank too much  
Yeah, that's where it all started  
In your studio apartment  
'Cause your old couch and that carpet  
They were made for us

Baby, I don't care 'bout money  
I don't care about your past  
I just want a love that's gonna last  
You give me something I can feel, feel, feel  
You give me something that is real, real, real (Ooh)  
Baby, I don't care 'bout money  
I don't care about your past  
I just want a love that's gonna last  
You give me something I can feel, feel, feel  
You give me something that is real, real, real (Ooh)

You give me something that is real (Oh-oh)  
You give me something I can feel (Oh-oh-oh)  
You give me something that is real (Oh-oh)  
You give me something I can feel (Feel)  
Something I can feel (Feel), something that is real

Wherever you take me  
It feels like it's home  
And you could be seven hundred miles away  
But I don't feel alone  
I still remember that feeling  
Where we stared up at your ceiling  
I know you could hear my heart beating  
Beating through my chest  
Yeah, that's where it all started  
In your studio apartment  
And I don't gotta tell you  
You know what happened next

Baby, I don't care 'bout money  
I don't care about your past  
I just want a love that's gonna last  
You give me something I can feel, feel, feel  
You give me something that is real, real, real

You give me something that is real (Oh-oh)  
You give me something I can feel (Oh-oh-oh)  
You give me something that is real (Oh-oh)  
You give me something I can feel (Feel)  
Something I can feel, something that is real

When I'm with you (When I'm with you)  
I can be myself (I can be myself)

When I'm with you  
There's nobody else  
When I'm with you (When I'm with you)  
I can be myself (I can be myself), myself

You give me something that is real  
You give me something I can feel  
You give me something that is real  
You give me something I can feel  
Something I can feel, something that is real
