# Show U Love

**Tritonal**

It's all the same
Some things never change
I couldn't stop and say "enough"
It's all the same
You won't take the blame
Even when you are blowing up

Oh my, oh my
You're my broken love
Nobody's gonna save you now
Oh my, oh my
You're my broken love
So come on, let me show you how

So come on, let me show you how
So come on, let me show you how

It's all the same
Some things never change
I couldn't stop and say "enough"
It's all the same
You won't take the blame
Even when you are blowing up

Oh my, oh my
You're my broken love
Nobody's gonna save you now
Oh my, oh my
You're my broken love
So come on, let me show you how
Oh my, oh my
You're my broken love
Nobody's gonna save you now
Oh my, oh my
You're my broken love
So come on, let me show you how

So come on, let me show you how
So come on, let me show you how

So come on, let me show you how
So come on, let me show you how

It's all the same
You won't take the blame
Even when you are blowing up

Oh my, oh my
You're my broken love
Nobody's gonna save you now
Oh my, oh my
You're my broken love
So come on, let me show you how

So come on, let me show you how
So come on, let me show you how

Oh my, oh my
You're my broken love
Nobody's gonna save you now
Oh my, oh my
You're my broken love
So come on, let me show you how
