

U Found Me

Tritonal

I can hear your voice through the static
Every time you move I feel your magic
I'm coming back to you, more than a habit
Bringing me to life

I was at my low
Falling through the shadows, losing all control
Now I feel the light
You came along and saved me, opened up my eyes

'Cause you found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me

You found me, yeah
You found me, yeah, you found me

'Cause you found me, yeah
You found me, yeah
You found me, yeah
You found me, yeah

I was in the dark, slowly fading
Nothing left to lose, close to breaking
But when you pull me close, there's no mistaking
You can set me free

I was at my low
Falling through the shadows, losing all control
Now I feel the light
You came along and saved me, opened up my eyes

'Cause you found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me
You found me, yeah, you found me

You found me, yeah
Yeah, you found me
You found me, yeah
(You found me, yeah)

You found me, yeah, you found me

'Cause you found me, yeah
You found me, yeah
You found me, yeah
You found me, yeah

(You found me, yeah)
You found me, you found me
You found me, you found me (you found me)
You found me, you found me
You found me, you found me

You found me, yeah
Yeah, you found me
You found me, yeah
