

# Waiting 4 U

Tritonal

Never know,  
What you're gonna find.  
Hearts collide,  
Under coral skies.

Never thought,  
We'd be here right now.  
But I was meant,  
To be by your side.

Waiting for you!  
The way you make me feel.  
You...  
The way you make me...

Waiting for you!!  
The way you make me feel.  
You...  
The way you make me...

Feel  
The way you make me...  
Feel  
The way you make me...

Feel  
The way you make me feel!

Feel  
The way you make me...  
Feel  
The way you make me...

Feel  
The way you make me...  
Feel

I've been, waiting for you!

Feel  
The way you make me...  
Feel

Breath by breath,  
See it fall in line.  
Deja vu,  
Like connecting signs.

See the future,  
Inside your eyes.  
Leaving everything,  
Else behind!

Waiting for you!!  
The way you make me feel.  
You...

The way you make me...

(I've been) Waiting for you!  
The way you make me feel.  
You...  
The way you make me...

Feel  
The way you make me...

Feel  
The way you make me...

Feel  
The way you make me...

Feel

Never know,  
What you're gonna find.  
Hearts collide,  
Under coral skies.

Never thought,  
We'd be here right now.  
But I was meant,  
To be by your side.

Waiting for you!  
The way you make me feel.  
You...  
The way you make me...

Waiting for you!  
The way you make me feel.  
You...  
The way you make me...

Feel  
The way you make me...  
Feel  
The way you make me...

Feel  
The way you make me...  
Feel

I've been, waiting for you!

The way you make me feel.  
You...!  
The way you make me...

Waiting for you!  
The way you make me feel.  
You.!  
The way you make me, feel.
