

## Allied Forces

## Triumph

I've got something on my mind  
I want you to know  
Rock troops are on the move  
It's startin' to show  
Paratroopers everywhere  
Can't you see?  
Strategic weapons  
Are something we don't need

Allied forces in every nation  
Allied forces gonna take control  
Allied forces of my generations  
Allied forces of rock 'n' roll

Youth culture in overdrive  
Mass frustration  
Too much, too little, too late  
Class alienation  
Denim armies working  
Consolidate the might  
War games, maneuvers  
Rehearsals in the night

I've got something on my mind  
I want you to know  
Rock troops are on the move  
It's startin' to show  
Paratroopers everywhere  
Are ready to fight  
We're mobile allies  
Marchin' every night
